Hardship Fund			
HH has developed hardship fund form. Has previously worked on similar funds at rugby. Applications would need to be made in writing at start of season and application would need to be supported by coach/academy. Ensure that they are an athlete we should be supporting. Based on benefits family receive as to consideration and amount. Would need to provide proof of benefits received. Based on primary care giver. Potentially two separate strands -expenses such as travel and trainers and then the actual fees for the academy. BA suggested keeping form simple – contact details, name of athlete, reasons for applying and tick box associated with which benefits received. Form to be held by office and requests to come in via performance TSG for form to be sent to selected individuals. Families to be made aware of the hardship fund for transparency in initial welcome letter.
